Summer SURVIVAL GUIDE for the garden

Gardens can suffer from heat stress, lack of water or both during hot dry periods. We can't change the weather but there are a few things we can do to help protect our gardens through tough weather conditions and beyond.

PREPARE YOUR HOUSE

- Bring your garden hose inside.
- Wet down timber decks and gardens close to the house if the fire is approaching.
- Do not stand on your roof with your hose.
- Keep ladders, shovels and metal buckets at hand to help put out spot fires.
- Keep a torch and a portable battery operated radio in the house.
- Move any fire fighting equipment to a place that it will not get burnt.

For more information, contact your local fire station or fire control centre. In an emergency call 000. Information derived from the fire safe website.
